

## KENNET VALLEY HASH HOUSE HARRIERS

### Mag No 030 - Sunday 28th March 1999 - The Coopers Arms in Pewsey

Your scribe had gone down with the plague for this weeks Hash and had to stagger round with the walkers and so the mag will be written from a different perspective.

The weather is always fine for the KVVH3 and the sun shon warmly on Ian and Keith M and Richard and Sheila and your scribes brother Colin in the car park of the Coopers Arms. We even had a new hasher - Mathew - who looks and runs like Seb Coe. So Ray, who had been up since the crack of dawn laying the trail, wasn't too disappointed at the low turnout. The Coopers Arms is on the edge of Pewsey and the run was through the famous Vale of Pewsey which is absolutely delightful and yet there were only a few of us there to enjoy it again. The walk took us round the edge of the town through interesting backways and then out along the river and back along a leafy lane. The run I understand (but this is only hearsay) swept out through open countryside with glorious views. The walkers and runners all arrived back at the pub within a few minutes of each other after almost exactly an hours run - which is the mark of a very skilfully laid trail. Thank you Ray.

And so into the pub. Nothing has changed there since the 1930s - a real local - and the landlord would have none of this food nonsense ("This is a pub not a restaurant") and Richard's face dropped about a foot. All was well though as the landlord felt sorry for him and personally cooked him a great pile of chips and things. Very pleasant and sociable apres and a very successful hash
