

## KENNET VALLEY HASH HOUSE HARRIERS

### Mag No 033 - Sunday 9th May 1999 - The Royal Oak at Wootton Rivers

We stood in the public car park at Wootton Rivers wondering where the hare was and then the bedraggled figure of Richard appeared crying 'woe and thrice times woe'. Apparently some thoughtless farmer had placed a herd of wild cattle right on our trail and so a last minute diversion was required. In my day nobody thought twice about running through fields full of bulls and mad dogs - but thats the modern generation for you.

Then we piled into cars and drove up into the hills to start somewhere else for a change. Several cars because we had some new members and a total of 18 people came hashing which is immenseley encouraging. And what a splendid run it was. The sun was out and we ran through the most glorious countryside - the trail was well crafted too so we were kept guessing but didnt get lost and we ran together - and we all got back in about an hour. There was then a bit of to-ing and fro-ing as we collected cars and people from various points around Wiltshire but in the end we all sat outside in the sun and enjoyed the social bit. Your scribe presented the hash horn to Keith M for the singularly unfunny reason that he kept running too fast which on reflection was completely unjustified and he will be receiving an apology shortly.

Thank you Richard fore a splendid trail.
