

## KENNET VALLEY HASH HOUSE HARRIERS

Mag No 103 – Sunday 13th January 2001 – Wagon & Horses Beckhampton

Thanks to Laura and Ray for a great trail, Laura's first and a well laid trail. It was nice to see such a good turn out again.

After the normal brief description of the markings we were off over the main road and down a foot part. After a short while we arrived at one of the many checks where Laura bitterly complained she could not take part in the trail hunt, ah well one of the joys of setting the trail. Laura did come with us from the start but Ray hung back which must be why I don't remember seeing any splits anywhere. However some how we managed to meet the walkers and separate again, good on you Ray having a nice walk on a lovely Sunday morning. I am not sure if we always followed the correct trail but we were following something as I remember there always being some flour about. But we turned one corner to find the walker coming up a different path. A good time was had by all.

### Hash hints:

If someone shouts On On, you can take the shortest route to meet them, you don't have to follow the actual marked route.

We can now offer a new string to our hashing bow care of Mike with power walking the long trail, which Mike managed to come in only 10mins after the runners. Can we do better in the near future?

Horn kept by Ray as he hadn't used it in a hash yet.
