

## KENNET VALLEY HASH HOUSE HARRIERS

Mag No 104– Sunday 20 January 2001 – Red Lion at Axford

Thanks to Keith for a really great trail.

It was good turn out of runners this week unfortunately we only got 1 walker, where were the rest of you?

After a brief description of the markings with a nice new one which was similar to the North Wilts Check back. We were off whilst Keith had to go and finish the walkers trail for 1 but no the less important. We were soon to be surprised to find a T right on a path to our right, which we found out at the end was the way back. The reverse and go back marking worked very well as in the opposite direction we found a sign for the footpath on a tree. Jeremy put a big arrow on the ground for the back markers but we are not sure if they followed it?

The classic happened, we lost 3 people shall I name and shame, well why not, Margaret, Dave and Mike. They did turn up some 15 min's later then the rest of us but it was nice to see them.

Hash hints 2:

If it is your misfortune to arrive first at a check, don't sit down and rest, or stand about like a wet weed, but look for the new trail and shout "CHECKING" loud and often. If you find an X or a T, announce "FALSE TRAIL" equally loudly.

We can now offer a new string to our hashing bow care of Mike with power walking the long trail.

Horn passed to Steve if my memory serves.
