| 329 | Ridgeway Relay | - | $20 / 06 / 10$ | - | Jeremy |

What can we say ...?

- Our best ever placing ( $30^{\text {th }}$ out of 38 )
- Our fastest end to end time (13 hours , 16 mins and 18 secs)

OK, no prizes for us this year, but we didn't want the wooden spoons again did we? So congratulations to all !!!!!!

Colin was our lead runner this year and arrived in good time for the event. In fact, he arrived in such good time, he was even able to get in a couple of pints at Ivinghoe and then kip down for the night in his Picasso. This apparently requires removal of the middle seat and the tucking of the head under the dashboard, but it seems to have worked. He was up early, drove to the car park, stripped to his running gear, then trudged off to the start where he only had some old bird to keep him warm on the exposed beacon. Once going though, he whizzed along and, keeping it in the family, handed over to Angela for leg 2 - the jinxed leg as yet again there were feral dogs attacking our runner, as well as tree roots to trip the unwary. Des took over for leg 3, temporarily holding back to allow the next runner to show him the correct route at the start, but then put in a fine performance to hand over to Jackie. Ray provided encouragement along the route until she raced up the final hill, where she handed over in under the hour to Jeremy. He managed to complete his leg without penalty this year - although he had to argue that Popsy was not providing illegal assistance when she joined in for the last 600 yds. Gary was waiting to take over at South Stoke, and as a result of recent training did a great time, and achieved our highest individual placing of the day. Even so, by the time he finished (we were only 10 mins behind schedule at this point), Will had long ago left on the $2^{\text {nd }}$ mass start, which was so isolated, that little is known of what befell him. Kevin provided a solid performance, coming within a gnat's breath of recording our fastest ever time on leg 8, before handing over to Jorge who was so fast he arrived before his support team. By this time John had been pressurised with the knowledge that we were in striking distance of our best time ever, and that all our hopes rested with him. Despite this, he delivered the goods and finished just after 7 pm , giving us an end-to-end time 10 mins faster than our previous best - hurray, and an early visit to the pub!

Most were able to meet up in Marlborough in the back of The Wellington Arms. Mike, Maurice, Fiona and family joined us for re-hydration and a reminisce. Vivien indicated she had enjoyed the relay so very much more this year and volunteered John's services for 2011. Angela let on she thought that using Bernadette and Matthew as batons was punishment for us coming last, last year; no, it's just some silly mid-summer madness by KVH3 that we do every year. With the kind weather and great results, all seemed to have positive thoughts on doing it again next year - some even offered to run further! Our target next year should of course be to beat the Hungerford Hares, who this year finished just 83 secs ahead of us - so just 1 sec a mile faster from each of us.
