

KENNET VALLEY HASH HOUSE HARRIERS

Mag No 097 – Sunday 21st October 2001 – Prince Of Wales Shrivvenham

Thanks again to Margaret and Dave for a great trail.

Fore, anyone for golf, I don't know who was more surprised the golfers or us. I know a few had to pause their game to watch a group of runners go across their path. We then found ourselves a little lost as a circle was missed and we ended up some strange lane. We soon found the correct path and made our way over the A420 for the first time.

After a trip through some nice fields and some running against arrows pointing us back the way we came, we came to the long, short split and found out that the walkers were doubling back on them selves and the runners were on forward. As we started to follow the direction of the arrow we went in to a field and found no flour so realised that we must have been going the wrong way. So we tried going up the road instead and voila we were on the correct trail again. However we were then soon to be accosted by a strange fellow who decided we were unwise to lay flour as this might be construed as Anthrax and did we know that even a hoax carried a 7 year prison sentence? The rest of the trail as quiet and uneventful in comparison to the Anthrax scare we were creating. Near the end we had an enjoyable distraction in the kiddies play ground, nice touch Margaret.

Back at the pub it was horn presentation time and Jeremy presented it to Paul as he knew most of the trail and kept giving helpful advice on route, or was it?

Centenial Run

Our one hundredth run is on 2nd December. To mark this historic event there will be a special run laid by GOM from the Cross Keys at Great Bedwyn with treasure to be found and lots of skylarking and fun and a huge party with hot food afterwards. More details later but put that date in your diaries now. NOT LONG NOW.
